Notes:

1. Basis of presentation and comparative figure

The audited financial statements have been prepared in accordance with the applicable disclosure requirements of Appendix 16 to the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the "Listing Rules") and with the Statements of Standard Accounting Practice ("SSAP") issued by the Hong Kong Society of Accountants.

In the current year, the Group had adopted, for the first time, Statements of Standard Accounting Practice ("SSAP") No. 12 (Revised) "Income taxes" issued by the Hong Kong Society of Accountants.

The principal effect of the implementation of SSAP 12 (Revised) is in relation to deferred tax. In previous years, partial provision was made for deferred tax using the income statement liability method, i.e. a liability was recognised in respect of timing differences arising, except where those time differences were not expected to reverse in the foreseeable future. SSAP 12 (Revised) requires the adoption of a balance sheet liability method, whereby deferred tax is recognised in respect of all temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit, with limited exceptions. The adoption of SSAP 12 (Revised) has had no material effect on the result for the current or prior accounting periods and, accordingly, no prior period adjustment has been required.

BUSINESS REVIEW AND PROSPECTS

During the year of 2003, the Group had continued its restructuring by disposal of non-core assets. With the closure of Rainforest Cafe in Singapore and the disposal of the Seremban Golf Resort in Malaysia and Parkway Builders office building in Singapore, the Group had greatly reduced its operating losses and gearing ratio. With the sale of these assets and the provisions made for Tang Dynasty City, it means the Group had overloaded all its investments in South East Asia and shifted its focus to investments opportunities in China.

With the successful listing of ChinaSoft International Limited on the GEM board of the Hong Kong Stock Exchange on the first half of 2003, the Group will continue to look for investment opportunities in China in the future.

On the industrial side, Jiangsu Bang Bang Silky Fashion Manufacturer Company Limited recorded satisfactory results with the sales increased by 10%. With most of its products being exported to Japan, orders on hand will remain steady for 2004.

Suzhou Goldtract had recorded increased revenues compared with last year with strong demand for cement in the area and return to profit.

In conclusion, the Group had achieved to greatly reduce its gearing ratio from 205% to 43% after selling of its assets in South East Asia, especially after the disposal of Parkway Builders which was completed in February 2004. This will bring the total borrowings down to HK\$31.3 million from previously HK\$150 million and increase current ratio from 0.31 to 0.71. Together with the provisions made for the Tang Dynasty City, it means that the Group had reduced its investments holdings in South East Asia to minimum level. Also, the Group had streamlined its business divisions and looked to exit from its entertainment investment and focus on investment in China.

EMPLOYEE AND REMUNERATION POLICIES

The number of employee of the Group as at 31st December, 2003 was approximately 600.

Employees are remunerated according to nature of the job and market conditions. The Group has not adopted any share option scheme and training scheme for the employees during the year.
