**1. APPLICATION OF NEW AND REVISED HONG KONG FINANCIAL REPORTING STANDARDS (“HKFRSs”)**

The Group has applied the following new and revised HKFRSs issued by the Hong Kong Institute of Certified Public Accountants (“HKICPA”) for the first time in the current year:

Amendments to HKFRSs	Annual Improvements to HKFRSs 2009–2011 Cycle
Amendments to HKFRS 7	Disclosures – Offsetting Financial Assets and Financial Liabilities
Amendments to HKFRS 10, HKFRS 11 and HKFRS 12	Consolidated Financial Statements, Joint Arrangements and Disclosure of Interests in Other Entities: Transition Guidance
HKFRS 10	Consolidated Financial Statements
HKFRS 11	Joint Arrangements
HKFRS 12	Disclosure of Interests in Other Entities
HKFRS 13	Fair Value Measurement
HKAS 19 (as revised in 2011)	Employee Benefits
HKAS 27 (as revised in 2011)	Separate Financial Statements
HKAS 28 (as revised in 2011)	Investments in Associates and Joint Ventures
Amendments to HKAS 1	Presentation of Items of Other Comprehensive Income
HK(IFRIC)-Int 20	Stripping costs in the Production Phase of a Surface Mine

Except as described below, the application of the new and revised HKFRSs in the current year has had no material impact on the Group’s financial performance and positions for the current and prior years and/or on the disclosures set out in the consolidated financial statements.

**New and revised Standards on consolidation, joint arrangements, associates and disclosures**

In the current year, the Group has applied for the first time the package of five standards on consolidation, joint arrangements, associates and disclosures comprising HKFRS 10 *Consolidated Financial Statements*, HKFRS 11 *Joint Arrangements*, HKFRS 12 *Disclosure of Interests in Other Entities*, HKAS 27 (as revised in 2011) *Separate Financial Statements* and HKAS 28 (as revised in 2011) *Investments in Associates and Joint Ventures*, together with the amendments to HKFRS 10, HKFRS 11 and HKFRS 12 regarding transitional guidance.

HKAS 27 (as revised in 2011) is not applicable to the Group as it deals only with separate financial statements.

The impact of the application of these standards is set out below.

***Impact of the application of HKFRS 10***

HKFRS 10 replaces the parts of HKAS 27 *Consolidated and Separate Financial Statements* that deal with consolidated financial statements and HK(SIC) Int-12 *Consolidation – Special Purpose Entities*. HKFRS 10 changes the definition of control such that an investor has control over an investee when a) it has power over the investee, b) it is exposed, or has rights, to variable returns from its involvement with the investee and c) has the ability to use its power to affect its returns. All three of these criteria must be met for an investor to have control over an investee. Previously, control was defined as the power to govern the financial and operating policies of an entity so as to obtain benefits from its activities. Additional guidance has been included in HKFRS 10 to explain when an investor has control over an investee.

## 1. APPLICATION OF NEW AND REVISED HONG KONG FINANCIAL REPORTING STANDARDS (“HKFRSs”) (Continued)

### *Impact of the application of HKFRS 10 (Continued)*

The directors of the Company made assessments as at the date of initial application of HKFRS 10 (i.e. 1st January, 2013) as to whether or not the Group has control over its 51% ownership interest in Jiangsu BangBang-Silky Fashion Manufacturer Co., Ltd. (“JBB”) in accordance with the new definition of control and the related guidance set in HKFRS10. The directors of the Company concluded that it has had control over JBB which is consolidated into the consolidated financial statements before the application of HKFRS 10 on the basis of the Group’s absolute size of holding in JBB, the relative size and dispersion of the shareholdings owned by the other shareholders. The adoption of HKFRS 10 has therefore had no material effect on the amounts reported in the consolidated financial statements.

### *Impact of the application of HKFRS 11*

HKFRS 11 replaces HKAS 31 *Interests in Joint Ventures*, and the guidance contained in a related interpretation, HK(SIC) – Int13 *Jointly Controlled Entities – Non-Monetary Contributions by Venturers*, has been incorporated in HKAS 28 (as revised in 2011). HKFRS 11 deals with how a joint arrangement of which two or more parties have joint control should be classified and accounted for. Under HKFRS 11, there are only two types of joint arrangements – joint operations and joint ventures. The classification of joint arrangements under HKFRS 11 is determined based on the rights and obligations of parties to the joint arrangements by considering the structure, the legal form of the arrangements, the contractual terms agreed by the parties to the arrangement, and, when relevant, other facts and circumstances. A joint operation is a joint arrangement whereby the parties that have joint control of the arrangement (i.e. joint operators) have rights to the assets, and obligations for the liabilities, relating to the arrangement. A joint venture is a joint arrangement whereby the parties that have joint control of the arrangement (i.e. joint venturers) have rights to the net assets of the arrangement. Previously, HKAS 31 contemplated three types of joint arrangements – jointly controlled entities, jointly controlled operations and jointly controlled assets. The classification of joint arrangements under HKAS 31 was primarily determined based on the legal form of the arrangement (e.g. a joint arrangement that was established through a separate entity was accounted for as a jointly controlled entity).

The initial and subsequent accounting of joint ventures and joint operations is different. Investments in joint ventures are accounted for using the equity method (proportionate consolidation is no longer allowed). Investments in joint operations are accounted for such that each joint operator recognises its assets (including its share of any assets jointly held), its liabilities (including its share of any liabilities incurred jointly), its revenue (including its share of revenue from the sale of the output by the joint operation) and its expenses (including its share of any expenses incurred jointly). Each joint operator accounts for the assets and liabilities, as well as revenues and expenses, relating to its interest in the joint operation in accordance with the applicable Standards.

The directors of the Company reviewed and assessed the classification of the Group’s investment in the joint arrangement in accordance with the requirements of HKFRS 11. The directors concluded that the Group’s investment in the joint arrangement which was classified as a jointly controlled entity under HKAS 31 and was accounted for using the equity method, should be classified as a joint venture under HKFRS 11 and continue to be accounted for using the equity method. The adoption of HKFRS 11 has therefore had no material effect on the amounts reported in the consolidated financial statements.

### *Impact of the application of HKFRS 12*

HKFRS 12 is a new disclosure standard and is applicable to entities that have interests in subsidiaries, joint arrangements, associates and/or unconsolidated structured entities. In general, the application of HKFRS 12 has resulted in more extensive disclosures in the consolidated financial statements.

## **1. APPLICATION OF NEW AND REVISED HONG KONG FINANCIAL REPORTING STANDARDS (“HKFRSs”) (Continued)**

### ***Impact of the application of HKFRS 12 (Continued)***

However, this new disclosure standard is not applicable to the interest in a joint venture for the Group. According to the application guidance of the HKFRS 12, when an entity’s interest in a joint venture (or a portion of its interest in a joint venture) is classified as held for sale in accordance with HKFRS 5 *Non-current Assets Held for Sale and Discontinued Operations*, the entity is not required to disclose summarised financial information for that joint venture in accordance with application guidance of HKFRS 12.

### ***HKFRS 13 Fair Value Measurement***

The Group has applied HKFRS 13 for the first time in the current year. HKFRS 13 establishes a single source of guidance for, and disclosures about, fair value measurements. The scope of HKFRS 13 is broad: the fair value measurement requirements of HKFRS 13 apply to both financial instrument items and non-financial instrument items for which other HKFRSs require or permit fair value measurements and disclosures about fair value measurements, except for share-based payment transactions that are within the scope of HKFRS 2 *Share-based Payment*, leasing transactions that are within the scope of HKAS 17 *Leases*, and measurements that have some similarities to fair value but are not fair value (e.g. net realisable value for the purposes of measuring inventories or value in use for impairment assessment purposes).

HKFRS 13 defines the fair value of an asset as the price that would be received to sell an asset (or paid to transfer a liability, in the case of determining the fair value of a liability) in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions. Fair value under HKFRS 13 is an exit price regardless of whether that price is directly observable or estimated using another valuation technique. Also, HKFRS 13 includes extensive disclosure requirements.

HKFRS 13 requires prospective application from 1st January, 2013. In accordance with the transitional provisions of HKFRS 13, the Group has not made any new disclosures required by HKFRS 13 for the 2012 comparative period. Other than the additional disclosures, the application of HKFRS 13 has not had any material impact on the amounts recognised in the consolidated financial statements.

### ***Amendments to HKAS 1 Presentation of Items of Other Comprehensive Income***

The amendments to HKAS 1 introduce new terminology for the statement of comprehensive income and income statement. Under the amendments to HKAS 1, a “statement of comprehensive income” may be renamed as a “statement of profit or loss and other comprehensive income”. Furthermore, the amendments to HKAS 1 require additional disclosures to be made in the other comprehensive income section such that items of other comprehensive income are grouped into two categories: (a) items that will not be reclassified subsequently to profit or loss; and (b) items that may be reclassified subsequently to profit or loss when specific conditions are met. Income tax on items of other comprehensive income is required to be allocated on the same basis – the amendments do not change the option to present items of other comprehensive income either before tax or net of tax. The amendments have been applied retrospectively, and hence the presentation of items of other comprehensive income has been modified to reflect the changes. Other than the above mentioned presentation changes, the application of the amendments to HKAS 1 does not result in any impact on profit or loss, other comprehensive income and total comprehensive income.

## 1. APPLICATION OF NEW AND REVISED HONG KONG FINANCIAL REPORTING STANDARDS (“HKFRSs”) (Continued)

### *New or revised HKFRSs issued but not yet effective*

The Group has not early applied the following new and revised HKFRSs that have been issued but are not yet effective:

Amendments to HKAS 19	Defined Benefit Plans: Employee Contributions <sup>2</sup>

HK(IFRIC)-Int 21	Levies <sup>1</sup>

<sup>1</sup> Effective for annual periods beginning on or after 1st January, 2014.

<sup>4</sup> Effective for annual periods beginning on or after 1st July, 2014, with limited exceptions.

<sup>5</sup> Effective for first annual HKFRS financial statements beginning on or after 1st January, 2016.

The Group is assessing the impact of these amendments, standards and interpretation. The Group will apply those amendments and standards when respective annual periods are effective.

### *HKFRS 9 Financial Instruments*

HKFRS 9 issued in 2009 introduces new requirements for the classification and measurement of financial assets. HKFRS 9 amended in 2010 includes the requirements for the classification and measurement of financial liabilities and for derecognition, and further amended in 2013 to include the new requirements for hedge accounting.

Key requirements of HKFRS 9 are described as follows:

All recognised financial assets that are within the scope of HKAS 39 *Financial Instruments: Recognition and Measurement* are subsequently measured at amortised cost or fair value. Specifically, debt investments that are held within a business model whose objective is to collect the contractual cash flows, and that have contractual cash flows that are solely payments of principal and interest on the principal outstanding are generally measured at amortised cost at the end of subsequent accounting periods. All other debt investments and equity investments are measured at their fair values at the end of subsequent reporting periods. In addition, under HKFRS 9, entities may make an irrevocable election to present subsequent changes in the fair value of an equity investment (that is not held for trading) in other comprehensive income, with only dividend income generally recognised in profit or loss.

The directors anticipate that the adoption of HKFRS 9 in the future may have a significant impact on amounts reported in respect of the Group’s financial assets but not on the Group’s financial liabilities. Regarding the Group’s financial assets, it is not practicable to provide a reasonable estimate of that effect until a detailed review has been completed.

## 2. REVENUE

The Group's revenue for the year from continuing operations represents sale of goods amounting to HK\$15,931,000 (2012: HK\$17,052,000).

## 3. SEGMENT INFORMATION

Information reported to the Managing Director and Chief Executive Officer of the Group, being the chief operating decision maker (the "CODM"), for the purposes of resource allocation and assessment of segment performance, is organised into the following segments which focus on the category of different industries and is consistent with the basis of organisation in the Group.

Specifically, the Group's operating and reportable segments under HKFRS 8 are as follows:

1. Industrial – manufacturing and sale of garments
2. Other operation – property investment

During the current year, the Group's aviation segment has been classified as discontinued operations as a result of the disposal transaction as set out in note 7. Accordingly, the comparative information has been re-presented to conform with the current year's presentation.

## 7. SHARE OF RESULTS FROM DISCONTINUED OPERATIONS

On 30th September, 2013, the Group entered into the disposal agreement (the “Disposal Agreement”) with 中國航空器材集團公司 (“中國航空器材”), pursuant to which 中國航空器材 conditionally agreed to acquire and the Group conditionally agreed to sell its approximately 20.02% of the equity interest of Beijing Kailan Aviation Technology Co., Ltd. (“Beijing Kailan”) at a consideration of RMB40,500,000 (equivalent to approximately HK\$51,330,000).

Details of the disposal were disclosed in the circular dated 23th October, 2013 issued by the Company.

On 13th November, 2013, the Disposal Agreement was approved, confirmed and ratified by shareholders of the Company. Thereafter, the Group’s interests in Beijing Kailan have been classified as assets held for sale and are presented separately in the consolidated statement of financial position. As Beijing Kailan is the only entity within the Group which is engaged in the operation of the aviation segment, the aviation operation was classified as discontinued operations of the Group. The directors consider that the Disposal would be completed within twelve months. The comparative figures relating to the discontinued operations have also been re-presented.

The share of results for the year from the discontinued operations is analysed as follows:

	<u>2013</u>	<u>2012</u>
	<i>HK\$’000</i>	<i>HK\$’000</i>
Share of profits from discontinued operations for the year	<u>1,501</u>	<u>1,112</u>

The discontinued operations did not have any impact on the cash flows of the Group for both years.

## 8. DIVIDEND

No dividend was declared, paid or proposed, nor has any dividend been proposed since the end of the reporting period for both years presented.

## 9. LOSS PER SHARE

### From continuing and discontinued operations

The calculation of the basic and diluted loss per share from continuing and discontinued operations attributable to the owners of the Company is based on the following data:

## **BUSINESS REVIEW AND PROSPECTS**

2013 was a challenging year for the Company and its operations. Increasing production costs in China and appreciation of RMB/USD has been a major issue working against the Company's business expansion efforts in other countries. However, the Company was able to control sales and operational costs, therefore minimized the financial losses.

### **Garment Industries**

*Jiangsu BangBang-Silky Fashion Manufacturer Co., Ltd. ("JBB")*

JBB's business continued to be one of Company's key focus areas. JBB increased its effort in reducing total costs while trying to maintain production volume that contributes to the fixed costs. Efforts were made to reduce wastage and shorten time to market. Despite various efforts in expanding Europe and US export sales, pricing pressure pushed down the total revenue. The management expects JBB to face similar challenges in 2014. Therefore management of the Company is looking for ways to structurally change the business model to improve productivity and profitability including domestic business development.

### **Aviation Holdings**

*Beijing Kailan Aviation Technology Co., Ltd. ("Beijing Kailan")*

During the year, Beijing Kailan recognized a net profit amounted to HK\$10.02 million (2012: HK\$7.77 million), representing an increment of 28.96% over that of 2012. The increase of net profit of Beijing Kailan is mainly contributed by the gain on long term equity investment amounted HK\$14.54 million (2012: Gain of HK\$5.76 million).

Under the current competitive business environment, new competitors are pushing down prices while labour and material costs continue to increase, it is difficult to maintain the profit margin without sacrificing the market share. In view of the difficulty in maintaining a positive operating revenue, on 30th September, 2013, the Company has reached an agreement to sell the 20.02% stake in Beijing Kailan to Beijing Kailan's partner China Aviation Supplies Holding Company for RMB40.5 million.

## **Outlook**

The Company is actively looking for more investment opportunities that can provide recurring income while minimizing the risk exposure. Therefore the Company is actively trying to increase holdings of properties that can provide stable income while capturing long term opportunities. Geographically the PRC and Hong Kong properties still provide the best opportunities given the risks and costs involved. However, other areas such as US and Japan are within the Company's interests.

Although volatility in financial markets also hindered the Company's ability to identify good investment opportunities, some of the information technology related investments were able to generate healthy returns in 2013, and the Company will continue to actively invest in this area.

The Vendor and the parties acting in concert with him in aggregate own 181,235,497 shares, representing approximately 39.90% of the issued share capital of the Company. Assuming all the conditions precedent of the acquisition agreement are fulfilled, 62,588,235 shares will be issued to the Vendor upon completion. As such, the interest of the Vendor will increase to 163,417,604 shares, representing approximately 31.62% of the issued share capital of the Company, and the aggregate interest of the Vendor and the parties acting in concert with him will increase to 243,823,732 shares, representing approximately 47.18% of the issued share capital of the Company. In the absence of the whitewash waiver, the Vendor would be obligated to make a mandatory general offer for all the shares pursuant to The Hong Kong Code on Takeovers and Mergers ("**Takeovers Code**") as a result of the acquisition.

An application to the Corporate Finance Division of the Securities and Futures Commission of Hong Kong for the whitewash waiver has been made by the Vendor pursuant to Note 1 on dispensations from Rule 26 of the Takeovers Code.
