NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS

For the six months ended 30th June, 2010

1. BASIS OF PREPARATION

The unaudited condensed consolidated interim financial statements have been prepared in accordance with Hong Kong Accounting Standard (“HKAS”) 34 “Interim Financial Reporting” issued by the Hong Kong Institute of Certified Public Accountants (“HKICPA”) and with the applicable disclosure requirements of Appendix 16 to the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the “Listing Rules”) and should be read in conjunction with the 2009 annual financial statements.

2. APPLICATION OF NEW AND REVISED HONG KONG FINANCIAL REPORTING STANDARDS

The accounting policies used in the unaudited condensed consolidated interim financial statements are consistent with those followed in the preparation of the Group’s annual financial statements for the year ended 31st December, 2009 except as described below:

In the current period, the Group has applied the following new and revised Standards, Amendments and Interpretations (collectively the “new and revised HKFRSs”) issued by the HKICPA.

HKFRSs (Amendments)	Amendment to HKFRS 5 as part of Improvements to HKFRSs 2008
HKFRSs (Amendments) HKAS 27 (Revised)	Improvements to HKFRSs 2009 Consolidated and Separate Financial Statements
HKAS 39 (Amendment)	Eligible Hedged Items
HKFRS 1 (Amendment)	Additional Exemptions for First-time Adopters
HKFRS 2 (Amendment)	Group Cash-settled Share-based Payment Transactions
HKFRS 3 (Revised)	Business Combinations
HK(IFRIC) – Int 17	Distributions of Non-cash Assets to Owners

Except as described below, the adoption of these new and revised HKFRSs had no material effect on the condensed consolidated financial statements of the Group for the current or prior accounting periods.

The Group applies HKFRS 3 (Revised) Business Combinations prospectively to business combinations for which the acquisition date is on or after 1st January 2010. The requirements in HKAS 27 (Revised) Consolidated and Separate Financial Statements in relation to accounting for changes in ownership interests in a subsidiary after control is obtained and for the loss of control of a subsidiary are also applied prospectively by the Group on or after 1st January 2010.

The directors of the Company anticipate that the application of HKFRS 3 (Revised) and HKAS 27 (Revised) and the consequential amendments to other HKFRSs had no material effect on the condensed consolidated financial statements of the Group for the current or prior accounting periods.

Results of the Group in future periods may be affected by future transactions for which HKFRS 3 (Revised), HKAS 27 (Revised) and the consequential amendments to the other HKFRSs are applicable.

2. APPLICATION OF NEW AND REVISED HONG KONG FINANCIAL REPORTING STANDARDS (Continued)

As part of Improvements to HKFRSs issued in 2009, HKAS 17 “Leases” has been amended in relation to the classification of leasehold land. Before the amendments to HKAS 17, lessees were required to classify leasehold land as operating leases and presented as prepaid lease payments in the condensed consolidated statement of financial position. The amendments have removed such a requirement. Instead, the amendments require the classification of leasehold land to be based on the general principles set out in HKAS 17, that are based on the extent to which risks and rewards incidental to ownership of a leased asset lie with the lessor or the lessee. The adoption of improvements to HKAS 17 had no material effect on the Group’s condensed consolidated financial statements for the current or prior accounting period.

The Group has not early applied the following new and revised Standards, Amendments or Interpretations that have been issued but are not yet effective.

HKFRSs (Amendment)	Improvements to HKFRSs 2010 ¹
HKAS 24 (Revised)	Related Party Disclosures ⁴
HKAS 32 (Amendment)	Classification of Rights Issues ²
HKFRS 1 (Amendment)	Limited Exemption from Comparative HKFRS 7 Disclosures for First-time Adopters ³
HKFRS 9	Financial Instruments ⁵
HK(IFRIC) – Int 14 (Amendment)	Prepayments of a Minimum Funding Requirement ⁴
HK(IFRIC) – Int 19	Extinguishing Financial Liabilities with Equity Instruments ³

¹ Effective for annual periods beginning on or after 1st July, 2010 and 1st January, 2011, as appropriate.

² Effective for annual periods beginning on or after 1st February, 2010.

³ Effective for annual periods beginning on or after 1st July, 2010.

⁴ Effective for annual periods beginning on or after 1st January, 2011.

⁵ Effective for annual periods beginning on or after 1st January, 2013.

HKFRS 9 *Financial Instruments* introduces new requirements for the classification and measurement of financial assets and will be effective from 1st January, 2013, with earlier application permitted. The Standard requires all recognised financial assets that are within the scope of HKAS 39 *Financial Instruments: Recognition and Measurement* to be measured at either amortised cost or fair value. Specifically, debt investments that (i) are held within a business model whose objective is to collect the contractual cash flows and (ii) have contractual cash flows that are solely payments of principal and interest on the principal outstanding are generally measured at amortised cost. All other debt investments and equity investments are measured at fair value. The application of HKFRS 9 might affect the classification and measurement of the Group’s financial assets.

The directors of the Company are in the process of assessing the potential impact and so far concluded that the application of the other new and revised Standards, Amendments or Interpretations will have no material impact on the condensed consolidated financial statements of the Group.

3. SEGMENTS INFORMATION

The Group has adopted HKFRS 8 *Operating Segments* with effect from 1st January, 2009. HKFRS 8 is a disclosure standard that requires operating segments to be identified on the basis of internal reports about components of the Group that are regularly reviewed by the chief operating decision maker (the Managing Director and Chief Executive Officer of the Group) for the purpose of allocating resources to segments and assessing their performance. In contrast, the predecessor Standard (HKAS 14, Segment Reporting) required an entity to identify two sets of segments (business and geographical) using a risks and returns approach. In the past, the Group's primary reporting format was business segments. The application of HKFRS 8 has resulted in a redesignation of the Group's reportable segments as compared with the primary reportable segments determined in accordance with HKAS 14.

Specifically, in prior years, segment information reported externally was analysed on the basis of the types of goods supplied and services provided by the Group's operating divisions (i.e. securities investment and trading, property development and investment, industrial – manufacturing and sales of garment and provision of background music and music licensing services). However, information reported to the chief operating decision maker for the purpose of resource allocation and performance assessment is more specifically focused on the category of different industries. The principal categories of these industries are industrial, entertainment, technology, aviation and other operation. The Group's operating segments under HKFRS 8 are therefore as follows:

1. Industrial – manufacturing and sale of garments
2. Entertainment – provision of background music and music licensing and video on demand services by the subsidiaries and the jointly controlled entity
3. Technology – provision of information technology services by an associate
4. Aviation – provision of aviation maintenance services provided by the jointly controlled entity
5. Other operation – property investment

Information regarding the above segments is reported below. Amounts reported for the prior period have been restated to conform to the requirements of HKFRS 8.

Deferred taxation	<u>–</u>	<u>(232)</u>
	<u>131</u>	<u>(188)</u>

No provision for Hong Kong Profits Tax has been made in the condensed consolidated financial statements as the Group has no assessable profit for the both periods.

6. INCOME TAX EXPENSE (CREDIT) (Continued)

Taxation arising in other jurisdictions is calculated at the rates prevailing in the relevant jurisdictions.

Under the Law of the PRC on Enterprise Income Tax (the “EIT Law”) and Implementation Regulation of the EIT Law, the tax rate of the Group’s subsidiaries in the PRC is 25% (six months ended 30th June, 2009: 25%).

7. DIVIDEND

The directors do not recommend the payment of any interim dividend for the six months ended 30th June, 2010 (six months ended 30th June, 2009: Nil).

8. EARNINGS (LOSS) PER SHARE

The calculation of the basic and diluted earnings (loss) per share attributable to the owners of the Company is based on the following data:

	Unaudited six months ended 30th June,	
	2010	2009
	HK\$'000	HK\$'000
Earnings (loss):		
Profit (loss) for the period attributable to the owners of the Company for the purpose of basic earnings (loss) per share	18,725	(10,478)
Effect of dilutive potential shares of associate based on dilution of earnings per share	(4,773)	—
Earnings (loss) for the purpose of diluted earnings (loss) per share	<u>13,952</u>	<u>(10,478)</u>
	2010	2009
Number of shares:		
Weighted average number of ordinary shares for the purpose of basic earnings (loss) per share	302,837,886	302,837,886
Effect of dilutive potential ordinary shares of share options	566,567	—
Weighted average number of ordinary shares for the purpose of diluted earnings (loss) per share	<u>303,404,453</u>	<u>302,837,886</u>

No diluted loss per share has been presented for the period ended 30th June, 2009 as the effect arising from share options would result in a decrease in loss per share.

No adjustment has been made for the potential ordinary shares of associate as the effect in 2009 is anti-dilutive.

9. TRADE AND OTHER RECEIVABLES

For sales of goods, the Group allows an average credit period of 30 days to its trade customers. Rentals receivable from tenants are payable on receipt of invoices. The following is an aged analysis of trade receivables:
